* Instructional faculty only as reported to AAUP (Instructional faculty are those members of the instructional-research staff who are employed full time, regardless of whether they are formally designated "faculty." It includes all those whose major regular assignment (at least 50 percent) is instruction, including release time for research. Faculty members on sabbatical leave are counted at their regular salaries even though they may be receiving a reduced salary while on leave.

Includes Probono (Law), staff who are teaching; excludes administrators, faculty on leave without pay, faculty on buyout/phased retirement, Library faculty

For online programs we may not be picking up second session students if there are no registered hours (Mainly effects CNH which operates in quarters.)

Total enrollment includes continuing education, special programs, consortium and online City College
