Includes special program codes: HCA and HON as coded in Official STATS files (STSTRMF)

[1] Retention is not based on continuous enrollment. If a student stops out in one semester, students are picked up again in the Fall in which they return.

[2] Persistence is less those students who graduated during the AY. Students who are deceased are removed from the denominator.

[3] Tracks students who began their cohort year in the Honors Program whether or not the student remained in the program
